BOATING ESSENTIALS

**GETTING A
NEW BOAT
THIS SUMMER?**

Gear and boating
essentials you need
to put your boat on
the water!

LIGHTING

LIGHT BARS

- Advanced Optic Drive Technology
- Fully sealed and submersible (IP68 & IP69K).
- One-piece diecast aluminium housing -superior heat dissipation and ingress protection.
- 30% Brighter Than a Conventional LED Light Bar*
- Stainless steel brackets & mounting hardware (SUS316).
- Integrated Genuine Nitto Breather Vent.
- Virtually unbreakable polycarbonate lens.

180MM 9-32V MARINE LIGHT BAR

Code: 72271W

- 6 x 5W Osram® high powered LEDs.
- 3000 Lumens
- 7" IN

350MM 9-32V MARINE LIGHT BAR

Code: 72272W

- 12 x 5W Osram® high powered LEDs.
- 6000 Lumens
- 14" IN

550MM 9-32V MARINE LIGHT BAR

Code: 72274W

- 18 x 5W Osram® high powered LEDs.
- 9000 Lumens
- 22" IN

550MM 9-32V MARINE LIGHT BAR

Code: 72282W

- 36 x 5W Osram® high powered LEDs.
- 18000 Lumens
- 22" IN

9-32V DOUBLE LED LIGHT BAR 180W 550MM

Code: 72282

- 36 x 5W Osram® high powered LEDs.
- 18,000 Raw / 6,217 Effective Lumens.
- 1 LUX at 460m.

9-32V SINGLE LED LIGHT BAR 60W 350MM

Code: 72272

- 12 x 5W Osram® high powered LEDs. (5700K).
- 6,000 Raw / 2,377 Effective Lumens.
- 1 LUX at 275m.

9-32V SINGLE LED LIGHT BAR 90W 550MM

Code: 72274

- 18 x 5W Osram® high powered LEDs.
- 9,000 Raw / 3,589 Effective Lumens.
- 1 LUX at 345m.

LED LIGHTING

LED DECK LAMP

- White/Red illumination
- Red illumination ideal for night vision.
- Features a plastic lamp body and bracket to prevent corrosion of the lamp, bracket, and galvanic corrosion on aluminium boats.
- 1000 Lumen white output (5700°K) and 623nm red output.
- Ideal for marine environments (IP67).
- Shock and vibration tested to JIS D1601 (marine standard).

Code: 72443

BLACK LED DECK LAMP RED/WHITE LIGHT OUTPUT

Code: 72443W

WHITE LED DECK LAMP RED/WHITE LIGHT OUTPUT

WHITE WITH CLEAR LENSES

Code: 99012BL

WHITE LED UNDERWATER LIGHT

Code: 99204BL

9-33V 1NM BLACK LED PORT & STARBOARD LAMPS WITH COLOUR LENSES

Code: 99014BL

- Minimum visible distance of 1 nautical mile at 112.5 degrees.
- Meets EMC EN60945, USCG & ABYC A-16 Standards.
- Surface mount, ideal for mounting on the side of the hull.
- Ultra reliable with over 50,000 hours life.
- IP67 fully sealed and sea/salt spray resistant.

12/24V BLUE LED UNDERWATER LIGHT

Code: 99202BL

- 3 x 5W Blue L.E.Ds for optimal underwater visibility.
- Specially designed heatsink allows increased output.
- Surface mount.
- Ultra reliable with over 50,000 hours life.
- IP68 - fully sealed and reliable.
- 10W current draw.

12V DUAL COLOUR STRIP LAMP WHITE/BLUE

Code: 87538WBBL

- Dual colour with white and blue LEDs
- Ideal for Marine applications as the blue illumination provides comfortable mood lighting and a premium feel.
- Suitable for exterior or interior applications.
- Slim design - 13mm.
- Ultra reliable, fully sealed (IP66) and sea/salt spray resistant.

12V DUAL COLOUR STRIP LAMP WHITE/RED

Code: 87538WRBL

- Dual colour with white and red L.E.Ds.
- Red illumination allows for easy night time navigation.
- Suitable for exterior or interior applications.
- Slim design - 13mm.
- Ultra reliable, fully sealed (IP66) and sea/salt spray resistant.

BLACK HOUSING

Code: 87501WR-BKBL

12V 75MM RED/WHITE WHITE HOUSING INTERIOR LAMP

Code: 87501WRBL

- Dual colour white and red L.E.Ds.
- Red illumination for easy night time navigation.
- Suitable for exterior and interior applications.
- Slim design - 10mm thick.
- Ultrareliable with 50,000 hours life.
- IP66 - Fully sealed and sea/salt spray resistant.

**HANDHELD COLT 1000 LED
SPOT LIGHT 2700 LUMEN**
Code: 71000

- 6 x 3W L.E.Ds producing 2700 raw lumens.
- 244-metre beam pattern at 1 lux.
- Crisp 5700K light output.
- Rechargeable, removable 7.4V Lithium battery.
- Durable construction with ergonomic handle.
- 2.5 hours use with 1.5-hour recharge.
- Fold-away hook.

**HANDHELD COLT 1000 LED
SPOT LIGHT 4000 LUMEN**
Code: 71001

- 6 x 5W L.E.Ds producing 4000 raw lumens.
- 285 metre beam pattern at 1 Lux.
- Crisp 5700°K light output.
- Durable construction with ergonomic handle.
- Includes 12/24V accessory plug.

TRAILER LIGHTING

MODEL 37

- For use on boat trailers where regular submersion is common
- The lamps are protected from water ingress with a two stage sealing system that incorporates ultrasonic welding and a two-part epoxy glue.
- Waterproof connector
- IP68 compliant.

**12/24V MODEL 37 LED PLUG
AND PLAY TRAILER LAMP KIT**

Code: 93750BL2-NZ

- A complete 'Plug and Play' solution for boat trailers making installation easier and quicker. Perfect for DIY installation.
- Waterproof connection system.
- No splicing or joining of wires is required.

*Built-in number
plate light*

**LED 12/24V 9M (NO PLUGS)
MODEL 37 LAMP LEAD**

Code: 93736-9

**LED 12/24V 9M (NO PLUGS)
MODEL 37 LAMP LEAD**

Code: 93732-9

**12/24V 6M (NO PLUGS)
AMBER LED MARKER LAMP**

Code: 91338-6

FLAT TRAILER PLUG 7 PIN

Code: 82141BL

- Amp rating per pole: 15A at 12V
- ADR 42/04

**200A ROTARY BATTERY
MASTER SWITCH WITH
REMOVABLE KEYED KNOB**

Code: 61043BL

- IP56 Rated.

SWITCH

**RUBBER NUMBER PLATE
HOLDER TO SUIT MODEL 37**

Code: 47 NPHOLDER

SO INTELLI-SMART THEY RECHARGE THEMSELVES

- Rapid Recharge Technology, 40 seconds is all it takes to ensure your Intelli-Start Jumpstarter is ready to go again!
- L.E.D work light & USB Powerbank.
- Advanced all-in-one protection system.
- Small, compact and easy to store.

INTELLI-START LITHIUM JUMPSTARTER 12V 900A

Code: IS920

- Ideal for small leisure craft, mowers, motorcycles and 4 & 6 cylinder petrol cars.
- 240A clamp power & 900 peak amps.
- Starts vehicles up to 6.0L Petrol.

INTELLI-START LITHIUM JUMPSTARTER 12V 1200A

Code: IS1220

- Ideal for Large family cars, SUV's and mid-sized 4WDs including diesel.
- 400A clamp power & 1200 peak amps.
- Starts vehicles up to 7.0L petrol and 4.5L diesel.

INTELLI-START LITHIUM JUMPSTARTER 12V 8Ah

Code: IS1500

- The ideal unit for roadside service vehicles,
- Starts engines up to 6.0L diesel and 8.0L petrol.
- More than 75% lighter than the equivalent lead acid jumpstarter. This allows the unit to sit on the engine while in use.
- Allows the jumpstarter to be on charge during storage. This balances the battery resulting in 10-20% longer battery life.

BATTERY CHARGERS

BATTERY CHARGER 12V 6 STAGE 1-4AMP

Code: PC400

- Suits recreational, 4WDs and passenger vehicles.
- Spark free and polarity protected to ensure safety.
- Calcium mode: Adjusts itself to suit calcium batteries.
- Thermal overload protection.

BATTERY CHARGER 12V 6 STAGE 2-8AMP

Code: PC800

- Suits recreational, 4WDs and passenger vehicles.
- Spark free and polarity protected to ensure safety.
- Calcium mode: Adjusts itself to suit calcium batteries.

BATTERY CHARGER 1.5A 12V 4 STAGE.

Code: AC015

- Switch Mode Technology converts 240V power to 12V DC using electric components, unlike traditional chargers with heavy transformers.
- Spark-free and is protected against accidental reverse connection.
- Output is adjusted to suit different battery sizes for optimum charging.
- Inter-changeable fused wiring harness for permanent installation.

BOAT CARE

BANANA FOAMING WASH + CERAMIC INFUSION

Code: 62 DS1010

- Engineered specifically for use on marine vessels, for removal of salt and corrosion prevention & general maintenance.
- Ceramic infused formula for extra protection.
- Streak free, no residue and cleans without stripping wax.
- Compatible with Dirty Steve foaming applicator gun.

STRAWBERRY FOAMING DEGREASER

Code: 62 DS1011

- Assists in removing oil, grease & grime.
- Works on tough grime including chain lube residue, waterproof grease & other stubborn contaminants.
- Apply directly to dry surfaces, and rinse within 30 seconds.

PEPPERMINT ENGINE FLUSH & SALT REMOVER

Code: 62 DS1012

- Designed for flushing marine engines, removing salt & a general salt wash for marine watercrafts & equipment.
- Perfect for general maintenance cleaning of boats, jet-skis, trailers or surfaces that may come into contact with corrosive salty sea air.
- Contains bio-degradable surfactants.

VINYL REVITALISER

Code: 62 DS1030

- Suitable for use on exterior plastic, rubber and vinyl, this formula is engineered to prevent UV damage and rejuvenate surfaces.
- 100% free of oil and water based silicones as well.
- pH neutral, safe for long term use, including stitching.

MARINE ENGINE FLUSH APPLICATOR

Code: 62 DS1013

The innovative Dirty Steve Marine Engine Flush Applicator allows for 100ml of Dirty Steve Engine Flush & Salt Eliminator Solution to be injected directly into engines of boats, jet-skis and personal watercraft, flushing out salt deposits that may remain inside the engine.

FOAMING APPLICATOR GUN

Code: 62 DS1001

- Easy connection to standard garden hoses.
- Ideal for foaming wash, foaming degreaser & salt eliminator application.
- Adjustable spray intensity.
- Foaming barrel nozzle.

RADICAL RUST PROTECTOR

Code: 62 DS1020

A lanolin based lubrication for use on external metallic surfaces including vehicles, heavy machinery, trailers.

- Spray on multi-purpose lubrication.
- Machinery component protection.
- Long life coating application for storage.
- Industrial lubricant.
- Corrosion prevention.
- Spray on anti-seize.

BOAT CARE

WATER REPELLENT TRIGGER 473ML

Code: 64 80002250

- Improve all-weather visibility, safety and driving comfort.
- Helps easily remove frost, ice, salt, mud and bugs.
- Apply Rain-X to a small, folded, dry cloth. Wipe onto clean and dry exterior glass. Allow product to dry, then wipe with a dry cloth or by sprinkling water onto surface and wiping with a paper towel.

PLASTIC RAIN REPELLENT 355ML

Code: 64 620036

Watch water bead up and roll away on the boat windshields for improved visibility as this product helps in enhancing visibility in rainy conditions.

Applies water beading technology to dramatically enhance visibility. Specifically formulated for plastic surfaces including Perspex, Acrylics and Polycarbonate.

- Specifically formulated for plastic surfaces.
- Easily applied, durable coating.

MARINEWELD WHITE MARINE ADHESIVE SYRINGE 25ML

Code: 69 50172

MarineWeld is a specially formulated two part Cold-Weld adhesive system that provides strong, lasting repairs for bonding different or similar surfaces, such as metal, composites, fiberglass and others. MarineWeld sets in 20 minutes at room temperature.

- Retains full strength above or below water surface.
- Can be shaped, tapped, filed, sanded and drilled.

WATERWELD EPOXY PUTTY STICK 57G

Code: 69 8277

WaterWeld will plug or seal leaks and patch holes and cracks in almost anything. Ideal for repairing plumbing, fuel tanks, tub and shower, drains, pool and spa, boats and potable water tanks; setup occurs even under water

- Can be tapped, filed, machined and drilled.
- Strength 900 psi, Set time: 25 mins
- Cure time: 1 hour, Cure colour: Off white.

WHEEL CLAMP LOCK

Code: 47 KWL1

This heavy-duty lock clamp is a perfect anti-theft device that will completely immobilise a wheel from rotating or turning.

- Made of heavy duty hardened steel.
- Highly visible protection.
- Easy installation.
- PVC coated to protect wheels from damage.
- Portable and easy to store.

COPPER END JIGGLE SYPHON 12LPM

Code: 48 JS12

- Features a copper head and 1.8m of anti-static hose.
- Perfect for transferring fuel and other liquids.
- Flow rate: 12 Litres per minute.

SOLAR

SOLAR PANEL FOLDING 15W 6000mAH BATTERY

Code: PP15

The Projecta COMPAC Series Solar Panels are portable, monocrystalline folding solar panels armed with a versatile 3-in-1 charging cable to provide constant, on-the-go power solutions for phones, action cameras, drones and tablets.

The COMPAC Folding Solar Power Banks are ideal for the outdoor adventurer, with carabiners offering secure mounting that will allow the user to charge their panel throughout the day whilst still hiking, fishing, riding and off roading.

The Projecta COMPAC Solar Power Banks take between 6-8 hours to charge fully allowing you to store your power during the day whilst off the grid.

The PP15 can comfortably charge phones, smart watches and action cameras, as well as larger off-the-grid toys like drones and even the Projecta COMPAC Series Power Banks. The Type C: 5V 3.0A reduces average charge times by up to 30%.

AMORPHOUS SOLAR PANEL 12V 1.5W Code: SPA100

- Longer battery life for infrequently used vehicles. Ensures your vehicle starts even after extended periods without use.
- Panel extends battery life.
- Type: amorphous.
- Rated power: 1.5W at 1000W/m², 25 C.
- L.E.D indicator.

SOLAR BATTERY MAINTAINER 12V 10W Code: SPA10

- Lightweight slimline design.
- Easy connection to vehicle battery.
- Accessory plug and battery clamps included.
- Remove suction cups.
- Can be secured via eyelets and elastic straps.
- Connected to your vehicle through the supplied accessory plug or battery clamps and are supported by elastic straps or suction cups that allow for secure mounting on windscreens.
